Kristi:

Thanks for your call earlier today. I have checked the Regional Administrator's calendar, and I have scheduled an appointment for Senator Wendy Davis on January 20th at 2:00pm. This should accommodate the Senator's schedule as you conveyed earlier. If anything should change, we will let you know as soon as possible. There is always a chance our Regional Administrator could be called to Washington, D.C. for a pressing matter.

We understand the main issue Senator Davis is interested in surrounds the results of air emission studies in the Barnett Shale. Let us know if there are other topics to be discussed as well.

Our office is located at 1445 Ross Avenue in downtown Dallas, Texas. It will be necessary to go to the 7th floor reception area to obtain a visitor's badge. At that time, you will be escorted to the Regional Administrator's suite.

We look forward to meeting Senator Davis and having a great dialogue on this important topic.

Diane Taheri
Deputy Director
Office of External Affairs

Excellent. Senator Davis and Jim Bradbury and Deborah Rogers will all be in attendance.

The issues you outlined are the very ones she will want to discuss.

Thank you very much for working with us to schedule this meeting.

Kristi
